

## **Moon Songs**

*Sing to the tune of "If you're happy and you know it"*

*When the light is on the right it's getting bright (snap, snap)*

*When the light is on the right it's getting bright (snap, snap)*

*When the light is on the right,*

*Then the Moon is getting bright*

*When the light is on the right it's getting bright (snap, snap)*

### **The Moon**

**By Mary Barrett**

**(Tune of Yankee Doodle)**

The Moon is really just one size,  
It always stays the same,  
But here on Earth before our eyes,  
We see it **wax** and **wane**.

The **new moon** we don't see at all,  
But then there is a sliver;  
The **crescent moon** is what we call  
This slice that is a sliver.

The light grows larger every day  
Exactly as it ought'er,  
But logic tells us we must say  
What looks like half is **quarter**.

And then there's **gibbous** on its way  
To **full**, the *brightest face*,  
Then swiftly, it begins to **wane**  
'Til gone without a trace.

These changes happen every night;  
*Each month* we see each phase  
The moon intrigues us with sunlight  
It truly does amaze.
